Why Team SDI

SDI Sabre/DCS/i3 (SDI) is a joint venture formed in 2014 for the purposes of providing our customers with cost effective, superior services and solutions. Our joint venture leverages our partners' experience, resources, shared culture, and diverse capabilities to reduce risk and provide innovative solutions. Team SDI brings a synergy fueled by each partners' different perspectives and backgrounds.

Team SDI's Key Features and Benefits:

- Team SDI's Managing Partner, Sabre Systems, Inc., successfully manages a \$150M NAVAIR prime contract with extensive technical scope and contract complexity.
- SDI's lean management structure and low pass-throughs incentivize our specialty and small business partners to market and bring work to the vehicle generating innovative, scientific, and technical solutions and services.
- Members of Team SDI have established business relationships and proven experience managing JV prime contracts.
- Team SDI offers the depth, breadth, and corporate strength of a large global company while simultaneously offering the responsiveness, flexibility, and customer-centric solutions of an adaptive mid-tier company.
- Our team provides customers with access to the significant resource pool of a large company, but offers an inherently greater potential for innovation and diversity that individual companies often cannot produce.
- SDI's highly acclaimed Collaborative Partner Portal provides transparent, accurate, real time reporting and deliverables allowing customers to make informed decisions in rapid time.
